Computer Access Requirements

Participation in the SEED Program requires an internet-connected workstation equipped with a headset connection. You will be required to bring your own headset for participation.

Upon acceptance into the SEED Program, the Superior Court Operations Division, Employee Education and Development Unit will issue each participant user login credentials to access online courses for the allocated time. Once issued, users must not share these credentials with others in order to comply with the licensing terms of the online course vendor.

I am committed to completing the SEED Program.

Signature of Participant	Print or type name of person signing	Date signed
--------------------------	--------------------------------------	-------------

I support the above-employee's full participation in the SEED Program and will coordinate with this employee to ensure that they are able to complete all courses in which they are assigned.
